March Cause of the Month: ELCA Disaster Relief / California Wildfires

The Situation: Multiple wildfires have broken out across Los Angeles County in California, with tens of thousands of people under evacuation orders. Sparked by dry conditions, strong winds and a limited water supply, these fires have destroyed homes and businesses and have led to injuries and loss of life. News is still unfolding about the full impact as firefighting efforts continue. **Our Response:** Lutheran Disaster Response is coordinating with the Southwest California Synod, Pacifica Synod and other partners to assess the needs of people impacted by the wildfires. We will work with them to provide for immediate needs and recovery amid the widespread destruction. Lutheran Disaster Response is committed to accompanying recovering communities for months and years to come.
